

The mission of the St. Johnsbury School is to support a community of learners with respect and high expectations.

In order to fulfill our mission, our vision is that we are dedicated to creating a school in which learners...

- 🐾 Are passionate and motivated to learn. Students eagerly approach new learning with self-confidence and enthusiasm.
- 🐾 Understand that learning is a never ending process. Students value the opportunity to participate in new learning and actively seek out resources to broaden their knowledge.
- 🐾 Are risk takers. Our safe, learning environment encourages and supports students to move beyond their comfort level in order to move forward in their learning.
- 🐾 Are accountable to self and others. Students take ownership of their learning and act as instructional resources for their peers.
- 🐾 Understand expectations. Academic expectations are clearly communicated to all teachers, parents and students.
- 🐾 Are provided feedback based on ongoing assessments to guide their learning. Structures are in place to ensure that all students are supported on their path to reaching their academic goals.
- 🐾 Are respectful. The expectations for healthy and appropriate interactions are clearly outlined for all to understand with supports in place to ensure students success in these interactions. A culture of compassion, understanding and acceptance guarantees that individual voices are heard and dignity is maintained by all.
- 🐾 Are guaranteed a safe and orderly environment.
